

PASTA BAIT

FATAL ATTRACTION

BRODITOP PASTA is irresistible to rats and mice, and a single feed is lethal, every time.

High palatability ensures fatal attraction.

RODENTHOR™ BRODITOP PASTA BAIT is based on a 2nd generation anticoagulant brodifacoum.

Effective against all species of rats and mice.

The pasta bait combines the active ingredient with long-lasting stability, palatability and high efficacy.

The economical 10 g single-dose tea bags allow the olfactory propagation of the luring components contained in the product.

Can be employed both for preventative treatments and for specific rodent elimination programs at indoor and outdoor sites.

Ensystex is the NEW leader in rodent control technology and stands behind every product

USES A TARGETED DOSAGE SO YOUR BAIT GOES FURTHER

Based on a 2nd generation anticoagulant brodifacoum to eliminate all types of rats and mice - whatever species and dimension.

One feed is all that is required to kill a rodent - The 10 g pasta bait combines the active ingredient with long-lasting stability, palatability and high efficacy to tackle rodents without using excessive bait, so your purchase goes further.

Species*	Brodifacoum	Bromadiolone	Difenacoum	Flocoumafen
Brown rat	5.4	32	36	5
Mouse	8	34	16	48

* LD50 values in mg/Kg bodyweight for each species

WORKS EITHER STAND-ALONE OR AS PART OF YOUR RODENT CONTROL SYSTEM

RODENTHOR™ Rodent Bait Stations feature a totally secure locking mechanism together with rods and trays for bait placement. The Station is also designed to prevent children from accessing the bait.

EFFICIENT 10 g sachet ensures your purchase goes further.
