ENSYSTEX™

LEADING INNOVATION IN PEST MANAGEMENT

FUMITHOR™ HYGIENE

DISINFECTANT SMOKE GENERATOR

**35 g/kg GLYTARALDEHYDE
200 g/kg ORTHO PHENYLPHENOL**

FUMITHOR GETS INTO EVERY NOOK AND EVERY CRANNY

The use of traditional disinfection products often involves problematic handling of hazardous substances and their negative effect on equipment and premises.

By using a dry disinfectant smoke, it is possible to reduce disinfection treatment costs and, at the same time improve the production environment ensuring better working conditions and enhanced product quality.

FUMITHOR HYGIENE has been developed to offer an easy to use and safe high performance disinfecting solution, that provides outstanding control of direct and indirect contamination sources.

**Effective against BACTERIA, FUNGI AND VIRUSES
INCLUDING HUMAN CORONAVIRUS**

A NEW CONCEPT FOR IMPROVED STERILISATION
