

# AEROTHXR™

## EXTRA STRENGTH CRAWLING INSECT SPRAY

REG. NO. L10727 ACT/WET NO.36 OF/VAN 1947

ENSYSTEX®

### AEROTHXR™

EXTRA STRENGTH

#### DIRECTIONS FOR USE:

Use only as indicated.

Situations: Commercial, industrial and residential buildings including food handling premises.

Pests: cockroaches, fish moths (silverfish) and fleas.

#### HOW TO USE:

Shake can well before using. Keep can as upright as possible and hold about 15 to 20 cm from surface to be treated. Avoid using on plastic surfaces. Spray surfaces up to the point of run-off and carpets when wetted lightly. Treating surface with AEROTHXR™ EXTRA STRENGTH Crawling Insect Spray will kill and protect against a range of crawling insects. For direct kill, spray in the direction of the crawling insect. Do not use as a space spray.

- **Cockroaches** - spray skirting boards, under cupboards, behind stoves and refrigerators and other places where cockroaches live and hide.
- **Fish moths (silverfish)** - Spray architraves, bookshelves, and other areas where paper is stored.
- **Fleas** - Infested rooms should be closed and treated by thoroughly spraying the carpet. Ventilate the room after use.

Batch number and date of manufacture  
printed on bottom of can.

### AEROTHXR™

EXTRA STRENGTH

GHS Signal word: DANGER

#### HAZARD STATEMENT:

H222: Extremely flammable aerosol.

H229: Pressurized container: may burst if heated.

H411: Toxic to aquatic life with long lasting effects.

#### PREVENTION

P102: Keep out of reach of children.

P262: Do not get in eyes, on skin, or on clothing.

P264: Wash contacted areas thoroughly after handling.

P270: Do not eat, drink or smoke when using this product.

P273: Avoid release to the environment.

#### RESPONSE

P352: Wash with plenty of soap and water.

P301+P312: IF SWALLOWED: Call a POISON CENTRE or doctor if you feel unwell.

P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

#### DISPOSAL

Dispose of can by putting in the garbage or leaving it in an appropriate metal recycling collection point.

#### FIRST AID

**Inhalation:** Move exposed person to fresh air. Get medical attention if adverse health effects persist or are severe.

**Skin Contact:** Quickly and gently blot away excess liquid. Wash gently and thoroughly with water (use non-abrasive soap if necessary) for 10 minutes or until chemical is removed. If irritation persists, repeat flushing and obtain medical advice.

**Eye Contact:** Immediately flush the contaminated eye(s) with lukewarm, gently flowing water for 10 minutes or until the product is removed, while holding the eyelid(s) open. Obtain medical advice immediately if irritation occurs. Take special care if exposed person is wearing contact lenses.

**Ingestion:** If swallowed, do NOT induce vomiting. Wash mouth with water and contact a Griffon Poison Centre, or call a doctor immediately.
