TO WHOM IT MAY CONCERN

Re: ENSYSTEX BRANDED RODENTICIDES – RODENTHOR® & MUSKIL® – PRESENCE OF ALLERGENS

I, Mr Steve Broadbent, Regional Director for Ensystem do hereby certify that no Ensystem Rodenticide contains any commonly reported food allergens in their formulation.

Our rodenticides do contain wheat and soy.

Specifically, we do not use any of the following products:

- Peanuts
- Nuts (almonds, hazelnuts, pistachio, walnuts)
- Milk (lactose, protein)
- Eggs
- Shellfish, crustaceans (crabs, lobster, shrimps)
- Sesame seeds
- Celery
- Sulphites
- Peas
- Mustard
- Molluscs
- Lupins

All product are manufactured in clean manufacturing environments in compliance with the principles of Good Manufacturing Practice and in compliance with all EU Regulations.

Yours faithfully,

Steve Broadbent

Regional Director - Australia, Asia, Africa and Middle East
