

NARA - A REVOLUTION IN RODENT MANAGEMENT

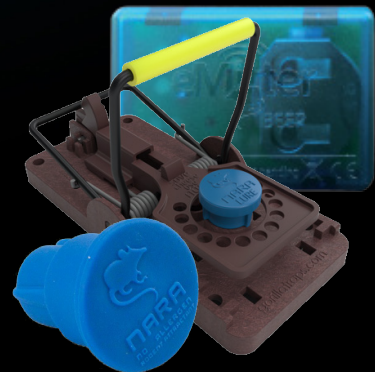

LURE. MONITOR. KILL.

NARA SPRAY is used to lay a trail to lure rodents into bait stations. The spray also masks plastic trap odours.

NARA BLOCS monitor for rodent activity and determine the rodent species present.

The Gorilla Rodent Trap™ is the world's toughest, humane rodent trap, when combined with NARA LURES exceptional results are produced. The Emitter Beep™ unit delivers accurate rodent capture confirmation.
